

ELL WISH LIST 4-23-17

(Detailed instructions for use by Librarians of the maintenance file (Wish List.xlsx file) are in the Library Procedures Manual.)

REMEMBER: ALL DONATED BOOKS MUST BE IN GOOD CONDITION.

TO LOOK THROUGH A CATEGORY, use the scroll bar to move up or down through the file.

There are 6 categories:

Category	# of Books	Page#
Fiction	~190	2-6
Historical Fiction	~ 50	7-8
Non-Fiction	~100	9-11
Biography & Autobiography	~ 50	12-13
History	~100	14-16
Children's	~100	17-19

Note: All categories are sorted by Title, except for Children's, which is organized by age groups and is not sorted into any particular order within the age groups.

TO LOCATE A SPECIFIC BOOK, proceed as follows:

1. From the Taskbar, click the spyglass icon, 
2. In the Find pop-up window, enter all or part of either the book title or an author's name and click **NEXT**,
3. Continue clicking **NEXT**, until program reports no additional matches were found.

About search criterion:

When you enter search criterion into the FIND box, what you enter is what you get! For example, if you enter the words "The", "A", or "An" as part of a title, the system is going to find a lot of books, because these words are in many book titles. Same thing for authors' names, if the author has a common first name. So, omit common words, such as "The", "A" and "An" in title searches and avoid common first names, like "John", when searching with an author's name. Probably the best way to search by author, is to use the author's last name only.

If there is a "Y" in the HAVE? column, the Library already has a copy.
